

## IGP-HWF*classic* 591T

Deep matt, fine texture with high weatherability for vivid façades

IGP-HWF*classic* 591T creates a highly weather-resistant surface with permanently stable color and gloss levels. Properties such as high flexibility, durability and scratch resistance make this product series a beneficial finish for architectural components with higher demands on robustness. The fine, deep matt structure creates façades and other building components a harmonious appearance.
